1. Section 7 of Article VI of the Declaration is hereby amended to provide as follows:

"7. Insurance

(A) Liability Insurance. The Association shall purchase and maintain broad form comprehensive public liability insurance insuring the Association, any manager, the Owners and occupants of the Residential Lots and their respective family members, guests, invitees, and the agents and employees of each, against any liability incident to the ownership or use of the Common Areas and including, if obtainable, a cross-liability or severability of interest endorsement insuring each insured against liability to each other insured. The limits of such insurance shall not be less than \$1,000,000.00 covering all claims for death, personal injury and property damage arising out of a single occurrence. Such insurance shall include liability for non-owned and hired automobiles, liability for property of others and any other liability or risk customarily covered with respect to projects similar in construction, location and use to the Subdivision.

92-1195777

(B) Fire and Earthquake Insurance. The Association shall purchase and maintain, with an insurance company, licensed to do business in the State of California having a Best's insurance rating of A++-XV or better, a master or blanket policy of fire, earthquake and such other coverage as the Board shall determine, for the full insurable value of the residential and other buildings and Common Areas of the Subdivision (including structural improvements, upgrades and betterments). The form, content and terms of the policy and its endorsements and the issuing company must be satisfactory to institutional first mortgagees. If more than one institutional first mortgagee has a loan of record against a Residential Lot in the Subdivision, the policy and endorsements shall meet the maximum standards of the several institutional first mortgagees represented. To the extent reasonably available, the policy shall contain an agreed amount endorsement or its equivalent; an increased cost of construction endorsement or a contingent liability from operation of building laws endorsement or their equivalent; an extended coverage endorsement; vandalism and malicious mischief coverage; an all risk special form endorsement; a determinable cash adjustment clause or a similar clause to permit cash settlement covering full value of the structural improvements, upgrades and betterments in case of partial destruction and a decision not to rebuild; a waiver of subrogation; and a waiver of insurer's right to claim prejudice by reason of any act of or failure to act by, any Owner or third party when such act or neglect is not within the control or knowledge of the Association. The policy shall provide amounts of coverage as shall be determined by the Board but in no event less than 100% of replacement cost. The policy shall name as insured the Association, the Owners and all mortgagees as their respective interests may appear.

(C) Individual Casualty Insurance Limitation. Except as provided in this clause, no Owner shall separately insure his Residential Lot against loss by fire or other casualty covered by any insurance carried under 7(B). If any Owner violates this provision, any diminution in insurance proceeds otherwise payable under policies described in 7(B) that results from the existence of such other insurance will be chargeable to the Owner who acquired other insurance and such Owner will be liable to the Association to the extent of any such diminution. Nothing herein is intended to prevent an Owner from insuring his personal property against loss. In addition, any improvements made by an Owner within his Residential Lot may be separately insured by the Owner, but the insurance is to be limited to the type and nature of coverage commonly known as "tenant's improvements." All such insurance that is individually carried must contain a waiver of subrogation rights by the insurer as to the other Owners, the Association and institutional mortgagees of the Residential Lots.

(D) Demolition, Workers' Compensation and Other Association Insurance. The Association may and, if required by any institutional first mortgagee, shall purchase and maintain demolition insurance in adequate amounts to cover demolition, in case of total or partial destruction of the Subdivision and a decision not to rebuild. The Association also shall purchase and maintain workers' compensation insurance, to the extent that it is required by law, for all employees or uninsured contractors of the Association. The Association also shall purchase and maintain fidelity bonds or insurance in an amount not less than 200% of one month's estimated monthly operating expenses and reserves, which shall contain an endorsement of coverage of any person who may serve without compensation. The Association shall purchase and maintain such insurance on personal property owned by the Association that it deems necessary.

(E) Director and Officer Liability Insurance. To the extent such insurance is available, the Association shall purchase and maintain insurance in an amount up to the limit of the liability insurance carried under 7(A), on behalf of any Director or Officer of the Association (collectively, the "agents") against any liability asserted or incurred by the agent in such capacity or arising out of the agent's status as such, regardless of whether the Association would have the power to indemnify the agent against such liability under applicable law.

(F) Assessment for Insurance. Each Owner shall be assessed 1/356th of the total premiums paid by the Association pursuant to this Paragraph 7 for each Residential Lot owned. Such amount shall be included in each Owner's monthly assessment statement and shall be a charge on the land and a continuing lien upon the property against which such assessment is made."

2. In all other respects, the Declaration shall remain unchanged and in full force and effect.

IN WITNESS HEREOF, the undersigned has set its hand
