REDEVELOPMENT PLAN
FOR
REDEVELOPMENT PROJECT NO. 1

I. INTRODUCTION

The Redevelopment Plan for Redevelopment Project No. 1 consists of Part I (Text) and Part II (Map). This Plan has been prepared by the Paramount Redevelopment Agency, City of Paramount, California, pursuant to the Community Redevelopment Law of the State of California, the California Constitution and all applicable local laws and ordinances.

DEC 21 1973

1016117446

DEC 21 1973

9/21/73

II. GENERAL DEFINITIONS

The following references will be used in this Plan unless the context otherwise requires:

- A. "Agency" means the Paramount Redevelopment Agency, City of Paramount, California.
- B. "City" means the City of Paramount, California.
- C. "County" means the County of Los Angeles, California.
- D. "Map" means the Redevelopment Plan Map for Redevelopment Project No. 1. (Part II herein.)
- E. "Owner" means any individual or entity owning "real property" as defined herein.
- F. "Person" means any individual, or any public or private entity.
- G. "Plan" means the Redevelopment Plan for Redevelopment Project No. 1.
- H. "Planning Commission" means the Planning Commission of the City of Paramount, California.
- I. "Project" means Redevelopment Project No. 1.
- J. "Project Area" means the area included within the boundaries of the Redevelopment Project No. 1.
- K. "Real Property" means land; including land under water; buildings, structures, fixtures, and improvements on the land; and property appurtenant to or used in connection with the land; every estate, interest, privilege, easement, franchise, and right in land, including rights-of-way, terms for years, and liens, charges, or encumbrances by way of judgment, mortgage or otherwise and the indebtedness secured by such liens.
- L. "Redevelopment Law" means the Community Redevelopment Law of the State of California (California Health and Safety Code, Sections 33,000 et seq.)
- M. "State" means the State of California.

III. PROJECT AREA BOUNDARIES (PROJECT NO. 1)

The boundaries of the Project Area are illustrated on the Map. The legal description of the boundaries of the Project Area is as follows:

That certain parcel of land in the City of Paramount, County of Los Angeles, State of California, described as follows:

That portion of the City of Paramount in the County of Los Angeles, State of California which lies within the following described boundaries.

Beginning at the intersection of the Easterly line of the Los Angeles River being the Westerly line of the Los Angeles Gas and Electric Corporation right of way with the Northeasterly line of the Pacific Electric Railroad right of way, 120 feet wide; thence

Southeasterly along said Northeasterly line to the Westerly line of Tract No. 11595 per map filed in Book 245 at Page 22 of Maps, Records of said County; thence

Southerly along said Westerly line to the Northeasterly line of said railroad right of way, 100 feet wide; thence

Southeasterly along the Northeasterly right of way line to the Easterly line of Colorado Avenue, 50 feet wide; thence

Northerly along said Easterly line and the Northerly prolongation thereof to the Southerly line of East Rose Street, 50 feet wide; thence

Easterly along said Southerly line to the Westerly line of Lot 29 of Tract No. 5092 per map filed in Book 58 at Page 75 of Maps, Records of said County; thence

Southerly along said westerly line to the Southwest corner of said Lot 29; thence

Easterly along the Southerly line of Lots 29 thru 32 inclusive and along the Easterly prolongation of the Southerly line of said Lot 32 in said tract to the Easterly line of Orizaba Avenue, 50 feet wide; thence

IV. PROPOSED REDEVELOPMENT ACTIONS

The Agency proposes to eliminate and prevent the spread of blight and deterioration in the Project Area by:

- (1) Acquisition of certain real property;
- (2) Demolition or removal of certain buildings and improvements;
- (3) Relocation assistance to displaced residential and nonresidential occupants;
- (4) Installation, construction, or reconstruction of streets, utilities, landscaping, and other on-site and off-site improvements;
- (5) Disposition of property for uses in accordance with this Plan;
- (6) Redevelopment of land by private enterprise or public agencies for uses in accordance with this Plan.

A. Property Acquisition

1. Acquisition of Real Property

Agency may acquire, but it is not required to acquire, all real property located in the Project Area, by gift, devise, exchange, purchase, eminent domain or any other lawful method.

It is in the public interest and is necessary in order to eliminate the conditions requiring redevelopment and in order to implement this Plan, for the power of eminent domain to be employed by the Agency to acquire real property in the Project Area.

The Agency is not authorized to acquire real property owned by public bodies which do not consent to such acquisition. The Agency is authorized, however, to acquire public property, if it is transferred to

DEC 21 1973

NO COPIES IN FILE

DEC 21 1973

9/21/73

private ownership before the Agency completes land disposition within the entire Project Area, unless the Agency and the private owner enter into a participation agreement.

The Agency shall not acquire real property to be retained by an owner either as a conforming owner or pursuant to a participation agreement if the owner fully performs under the agreement. The Agency is authorized to acquire structures without acquiring the land upon which those structures are located. The Agency is also authorized to acquire any other interest in real property less than a fee.

The Agency shall not acquire real property on which an existing building is to be continued on its present site and in its present form and use without the consent of the owner, unless (1) such building requires structural alteration, improvement, modernization, or rehabilitation, or (2) the site or lot on which the building is situated requires modification in size, shape, or use, or (3) it is necessary to impose upon such property any of the standards, restrictions and controls of this Plan and the owner fails or refuses to participate in this Project by executing a participation agreement.

2. Acquisition of Personal Property

Generally personal property shall not be acquired. However, where necessary in the execution of this Plan, the Agency is authorized to acquire personal property in the Project Area by any lawful means.

DEC 21 1973

0101131415

DEC 21 1973

9/21/73

B. Conforming Owners and Participation
by Owners and Business Tenants

1. Opportunities for Owners and
Business Tenants

The Agency shall extend reasonable preferences to persons who are engaged in business in the Project Area, to continue or re-enter in business within the redeveloped area if they meet the requirements prescribed in this Plan. For that purpose the Agency has adopted rules for re-entry.

It is the intention of the City and the Agency that many owners of parcels of industrial, commercial and other types of real property within the Project Area be allowed to participate in this redevelopment: by retaining all or a portion of their properties, by acquiring adjacent or other properties in the Project Area, by selling their properties to the Agency and purchasing other properties in the Project Area and by upgrading and developing their properties in conformance with this Plan.

In the event a participant fails or refuses to rehabilitate or develop his real property pursuant to this Plan and/or the participation agreement, as an alternate thereto, the real property or any interest therein may be acquired by the Agency and sold or leased for rehabilitation or development in accordance with this Plan.

The Agency may determine that certain real property within the Project Area presently meets the requirements of this Plan and the owners of such properties will be permitted to remain as conforming owners

DEC 21 1973

NOV 13 1973

DEC 21 1973

9/21/73

without a participation agreement with the Agency, provided such owners continue to operate and use the real property within the requirements of this Plan.

The Agency may also determine that certain real property within the Project Area is substantially in conformance with the requirements of this Plan and the owners of such properties shall be allowed to remain as conforming owners provided said owners shall adequately screen from public view all outdoor storage of materials or equipment and shall adequately landscape such property.

The Agency shall not acquire, through the use of eminent domain, conforming property owned by conforming owners.

In the event any of the conforming owners desire to: (1) construct any additional improvements or substantially alter or modify existing structures on any of the real property described above as conforming; or (2) acquire additional real property within the Project Area, then such conforming owners shall be required to enter into a participation agreement with the Agency in the same manner as required for owners.

Any real property owned by conforming owners outside of the designated conforming parcels and within the Project Area shall be considered and treated in the same manner as real property owned by other owners, i.e., may be subject to a participation agreement with the Agency.

DEC 21 1973

NOV 11 1973

DEC 21 1973

9/21/73

2. Rules for Participation Opportunities,
Priorities and Preferences

Owners of property and business tenants may participate in the redevelopment of property in the Project Area in accordance with the Preference Rules and Participation Rules adopted by the Agency. In general, these rules provide (1) that existing business owners and business tenants within the Project Area be given preference for re-entry into business within the redeveloped Project Area and (2) that certain buildings in the Project Area be retained; provided the owners enter into agreements with the Agency, whereby the owners agree to rehabilitate their properties to conform with the standards of this redevelopment project at their own expense.

In both instances owners will be required to submit proof to the Agency of their qualifications and financial ability to carry out their agreement with the Agency. The Participation Rules adopted by the Agency are set out in Exhibit A and the Preference Rules adopted by the Agency and made available for inspection are on file with the City Clerk.

3. Participation Agreements

Each participant not a conforming owner shall enter into a binding agreement with the Agency by which the participant agrees to rehabilitate, develop, or use the property in conformance with the Plan and to be subject to the provisions hereof. In such agreements, participants who retain real property shall be required

DEC 21 1973

DEC 21 1973

9/21/73

to join in the recordation of such documents as are necessary to make the provisions of this Plan applicable to their properties.

C. Cooperation with Public Bodies

Certain public bodies are authorized by state law to aid and cooperate, with or without consideration, in the planning, undertaking, construction, or operation of this Project. The Agency shall seek the aid and cooperation of such public bodies and shall attempt to coordinate this Plan with the activities of such public bodies in order to accomplish the purposes of redevelopment and the highest public good.

The Agency, by law, is not authorized to acquire real property owned by public bodies without the consent of such public bodies. The Agency, however, will seek the cooperation of all public bodies which own or intend to acquire property in the Project Area. The Agency shall have the right to impose on all public bodies the planning and design controls contained in the Plan to insure that present uses and any future development by public bodies conform to the requirements of this Plan. Any public body which owns or leases property in the Project Area will be afforded all the privileges of owner and tenant participation if such public body is willing to enter into a participation agreement with the Agency.

DEC 21 1973

1010 1513 1416

DEC 21 1973

9/21/73

D. Property Management

During such time as property in the Project Area is owned by the Agency, such property shall be under the management and control of the Agency. Such property may be rented or leased by the Agency pending its disposition for redevelopment.

The Agency will, in any year during which it owns property in the Project Area, pay to the City of Paramount, Los Angeles County or any district or other public corporation which would have levied a tax upon such property had it not been exempt an amount of money in lieu of taxes; provided that no such payment shall be made for any period during which such property is devoted to a public use.

E. Relocation of Persons Displaced

1. Assistance in Finding Other Locations

The Agency shall assist all persons (including families, business concerns, and others) displaced by the Project in finding other locations and facilities. There are in areas other than the Project Area, areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and persons displaced from the Project Area, decent, safe and sanitary dwellings equal in number to the number of and available to such displaced families and persons and reasonably accessible to their places of employment. In order to carry out the Project with a minimum of hardship to persons displaced from their homes, the Agency shall assist individuals and families in finding housing that

DEC 21 1973

10 01 13 14 15

DEC 21 1973

9/21/73

is decent, safe, sanitary, within their financial means, in reasonable convenient locations, and otherwise suitable to their needs. The Agency is also authorized to provide housing outside the Project Area for displaced persons.

2. Relocation Payments

The Agency may pay reasonable moving expenses to residents (including individuals and families) displaced by the Project. This provision is not intended to provide incentives for commercial and industrial businesses to move out of the Project Area; however, the Agency may make relocation payments to such business concerns for moving expenses where the Agency determines it is in the best interest of the Project; and the Agency may make such other payments as may be in the best interest of the Project and for which funds are available.

F. Demolition, Clearance, Public Improvements, Building and Site Preparation

1. Demolition and Clearance

The Agency is authorized to demolish and clear buildings, structures, and other improvements from any real property in the Project Area as necessary to carry out the purposes of this Plan.

2. Public Improvements

The Agency is authorized to acquire, install and construct or to cause to be installed and constructed the public improvements and public utilities (within or outside the Project Area) necessary to carry out this

DEC 21 1973

101180727

DEC 21 1973

9/21/73

Plan. Such public improvements include, but are not limited to, over or underpasses, bridges, streets, curbs, gutters, sidewalks, street lights, sewers, storm drains, traffic signals, electrical distribution systems, natural gas distribution systems, water supply and distribution systems, buildings, parks off-street parking, plazas, playgrounds, and landscaped areas.

3. Preparation of Building and Development Sites

The Agency is authorized to prepare or cause to be prepared as building and development sites any real property in the Project Area owned by the Agency.

G. Rehabilitation and Moving of Structures by the Agency

1. Rehabilitation

The Agency is authorized to rehabilitate or to cause to be rehabilitated any building or structure in the Project Area acquired by the Agency. The Agency is also authorized and directed to advise, encourage, and assist in the rehabilitation of property in the Project Area not acquired by the Agency.

2. Moving of Structures

As necessary in carrying out this Plan, the Agency is authorized to move or to cause to be moved any building or other structure to a location within or outside the Project Area.

DEC 21 1973

10 10 11 11 11 11

DEC 21 1973

9/21/73

H. Property Disposition and Development

1. Real Property Disposition and Development

a. General

For the purposes of this Plan, the Agency is authorized to sell, lease, exchange, subdivide, transfer, assign, pledge, encumber by mortgage or deed of trust, or otherwise dispose of any interest in real property.

To the extent permitted by law, the Agency is authorized to dispose of real property by negotiated leases or sales without public bidding.

All real property acquired by the Agency in the Project Area shall be sold or leased for development for the uses permitted in the Plan. Real property may be conveyed by the Agency to the City or any other public body without charge. Property containing buildings or structures rehabilitated by the Agency shall be offered for resale within one year after completion of rehabilitation or an annual report concerning such property shall be published by the Agency as required by law.

The Agency shall reserve such powers and controls in the disposition and development documents as may be necessary to prevent transfer, retention, or use of property for speculative purposes and to insure that development is carried out pursuant to this Plan.

All purchasers or lessees of property shall be made obligated to use the property for the purposes designated in this Plan, to begin and complete development of the property within a period of time which the Agency fixes as reasonable, and to comply with other conditions which the Agency deems necessary to carry out the purposes of this Plan.

DEC 21 1973

10 10 13 12 14 15

DEC 21 1973

9/21/73

b. Purchase and Development by Participants

Pursuant to the provisions of this Plan and the rules adopted by the Agency, the Agency shall offer real property in the Project Area for purchase and development by owner and business-tenant participants prior to the time that real property is made available for purchase and development by persons who are not owners or business-tenants in the Project Area.

c. Purchase and Development Documents

To provide adequate safeguards to insure that the provisions of this Plan will be carried out and to prevent the recurrence of blight, all real property sold, leased, or conveyed by the Agency, as well as all property subject to participation agreements, shall be made subject to the provisions of this Plan by leases, deeds, contracts, agreements, declarations of restrictions, provisions of the zoning ordinance, conditional use permits, or other means. Where appropriate, as determined by the Agency, such documents or portions thereof shall be recorded in the office of the Recorder of the County.

The leases, deeds, contracts, agreements, and declarations of restrictions may contain restrictions, covenants, covenants running with the land, rights of reverter, conditions subsequent, equitable servitudes, or any other provision necessary to carry out this Plan.

All property in the Project Area is hereby subject to the restriction that there shall be no discrimination or segregation based upon race, sex, color, creed, religion, national origin, or ancestry, in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment

DEC 21 1973

COPIES IN FILES

DEC 21 1973

9/21/73

of property in the Project Area. All property sold, leased, conveyed, or subject to a participation agreement shall be made expressly subject by appropriate documents to the restriction that all deeds, leases, or contracts for the sale, lease, sublease, or other transfer of land in the Project Area shall contain such nondiscrimination and nonsegregation clauses as are required by law.

d. Development

To the extent now or hereafter permitted by law, the Agency is authorized to pay for all or part of the value of the land for and the cost of the installation and construction of any building, facility, structure, or other improvement either within or outside the Project Area for itself or for any public body or entity.

During the period of development in the Project Area, the Agency shall insure that the provisions of this Plan and of other documents formulated pursuant to this Plan are being observed, and that development in the Project Area is proceeding in accordance with development documents and time schedules.

The Agency shall require that development plans be submitted to it for approval and architectural review. All development must conform to this Plan and all applicable Federal, State, and local laws and must receive the approval of the appropriate public agencies.

2. Personal Property Disposition

For the purposes of this Plan the Agency is authorized to sell, lease, exchange, transfer, assign, pledge, encumber, or otherwise dispose of personal property.

DEC 21 1973

COPIES 12/1/73

DEC 21 1973

10/4/73

V. USES PERMITTED IN THE PROJECT AREA

A. Map

The Map illustrates the location of the Project Area, the immediately adjacent streets, the principal public rights-of-way and public easements, and the proposed land uses to be permitted in the Project Area (both public, semi-public and private).

B. Industrial-Commercial

Industrial uses shall include, without limitation, industrial and industrial park developments which will include manufacturing, fabrication, production and assembly, wholesale and resale distribution uses, technical service businesses, research and development and other related compatible uses.

Commercial uses shall include, without limitation, business offices, professional offices, retail stores and shops and other office functions as may be directly related to industry and commerce as well as the general public.

All City zoning as it now exists or is hereafter amended shall apply to development hereunder. In such development, the limitation on the type, size, height, number and proposed use of buildings shall be in accordance with such zoning and the building and safety laws and regulations applicable from time to time in the City, and the provisions of this Plan.

C. Housing Uses

Residential dwelling units shall be permitted in the Project Area to be used for residential uses, provided such dwellings are of sound condition, are compatible with the surrounding land use under this Plan, and are authorized by the zoning ordinance of the City of Paramount, as amended

DEC 21 1973

DEC 21 1973

10/4/73

from time to time. The number of dwelling units which might remain in the Project Area is estimated to be approximately 110.

D. Open Space

The approximate amount of open space shown on the map is in accordance with the General Plan. Open space shall be in accordance with the General Plan and with the zoning ordinance of the City of Paramount, as they may be amended from time to time.

E. Public Uses

1. Rights-of-Way and Easements

As illustrated on the Map, the principal existing public streets in the Project Area are listed on Exhibit B.

Other public streets (some new) in the street layout are also shown on the Map.

Such streets may be widened, altered, abandoned, or closed, and additional public streets, alleys and easements may be created in the Project Area as needed for circulation and access to developed and to redeveloped properties and as otherwise needed for proper development of the Project. Overpasses, underpasses and bridges will be constructed as necessary.

The public rights-of-way shall be used for vehicular and/or pedestrian traffic as well as for public improvements, public and private utilities, and activities typically found in public rights-of-way.

DEC 21 1973

NO TOLKIN RESEARCH

DEC 21 1973

10/4/73

2. Other Public Property

The school district property and other public buildings may remain in their present locations and may expand as necessary. If any part of said public property is not used for public, semi-public, institutional or nonprofit facilities, then the alternative use shall be as permitted by the zoning ordinance of the City of Paramount as amended from time to time.

E. Other Semi-Public, Institutional and Nonprofit Uses

The Agency is authorized to permit the establishment or enlargement of public, semi-public, institutional, or nonprofit uses, including, without limitation, parks, recreational facilities, libraries, hospital and medical facilities, landscaped public ways, flood control protection, educational, fraternal, employee, philanthropic and charitable institutions and facilities of other similar associations or organizations. All such uses shall conform so far as possible to the provisions of this Plan and to the zoning ordinance of the City of Paramount as the same may be amended from time to time. The Agency shall impose such other reasonable restrictions as are necessary to protect the development and use in the Project Area.

F. General Controls and Limitations

All real property in the Project Area is hereby made subject to the controls and requirements of this Plan.

No real property shall be developed, rehabilitated, or otherwise changed after the date of the adoption of the Plan except in conformance with the provisions of this Plan.

DEC 21 1973

COPIES

DEC 21 1973

10/4/73

1. New Construction

All new construction shall comply with all applicable State and local laws, codes and ordinances in effect from time to time.

Parking facilities for the joint use of two or more parcels of a size sufficient to meet the combined requirements of such parcels may be constructed with prior written approval of the Agency. No parking space shall be located in a setback area except with prior written approval of the Agency. Parking spaces shall be paved and drained so that storm and surface waters draining from parcels will not cross public sidewalks. Parking spaces visible from streets shall be landscaped as necessary to prevent unsightly or barren appearance.

Off-street loading spaces shall be located in a manner to avoid interference with public use of sidewalks and streets. Off-street loading spaces shall be paved and drained so that storm and surface waters draining from parcels will not cross public sidewalks. Loading spaces visible from streets shall be landscaped to prevent an unsightly or barren appearance. Whenever feasible, loading spaces shall be located to avoid fronting on public streets.

Rights-of-way, public or private, for streets, pedestrian paths, malls, vehicular access to parking and loading areas, service roads, and for easements for utilities may be established by the Agency or by others upon approval of the Agency.

DEC 21 1973

10 10 1973

DEC 21 1973

10/4/73

The Agency may establish setback requirements for all new development within the Project Area which may exceed the requirements of City zoning.

The Agency may require that adequate landscaping and screening be provided to create a buffer between industrial, commercial and other use areas. All outdoor storage of materials or equipment shall be enclosed or screened by walls, landscaping or other enclosure to the extent and in the manner required by the Agency.

2. Existing Non-Conforming Uses

The Agency is authorized to permit an existing use to remain in an existing building in good condition, which use does not conform to the provisions of this Plan. As soon as feasible such uses shall be brought into accordance with this Plan and be generally compatible with the developments and uses in the Project Area. As a condition to the issuance of a building permit the Agency may require the owner of such a property to enter into a participation agreement and agree to the imposition of such reasonable restrictions as are necessary to protect the development and use of the Project Area.

3. Rehabilitation

Any existing structure within the Project Area which the Agency shall approve for retention and rehabilitation shall be repaired, altered, reconstructed,

DEC 21 1973

0151131416

DEC 21 1973

10/4/73

or rehabilitated in such manner that it will meet the following requirements: Be as safe and sound in all physical respects as would be required for a new building of equivalent size, location, use and occupancy, and be attractive in appearance and not detrimental to the surrounding areas.

4. Open Spaces and Landscaping

The approximate amount of open space to be provided in the Project Area includes, but is not limited to, the total of all areas which will be in the public rights-of-way, parks, and recreational areas, the space around buildings and all other outdoor areas not permitted to be covered by buildings. Landscaping plans shall be submitted to the Agency for review and approval to ensure optimum use of living plant material.

5. Signs

Exterior signs necessary for identification of buildings, premises and uses of particular parcels shall be permitted within the Project Area, provided the design and specifications for such designs shall be approved by the Agency prior to their erection or installation. When reviewing said designs and specifications, the Agency shall determine before approval that said signs will not create hazards because of their characteristics, such as protruding, overhanging, blinking, flashing or animation. All signs shall be compatible with the aesthetic standards of the redevelopment project.

DEC 21 1973

DEC 21 1973

10/4/73

6. Utilities

The Agency shall require that all utilities be placed underground whenever so required by the ordinances of the City.

7. Nondiscrimination and Nonsegregation

There shall be no discrimination or segregation based upon race, sex, color, creed, religion, national origin, or ancestry permitted in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of property in the Project Area.

8. Variations

Under exceptional circumstances the Agency is authorized to permit variations from the limits, restrictions, and controls established by the Plan. In order to permit such a variation the Agency must determine that:

(1) The application of one or more of the provisions of this Plan would result in unnecessary hardship to the property owner; and

(2) There are exceptional circumstances or conditions applicable to the property or to the intended development of the property which do not apply generally to other properties having the same standards, restrictions, and controls; and

(3) That permitting a variation from the limits, restrictions or controls of this Plan will not be materially detrimental to the public welfare or injurious to property or improvements in the area; and

DEC 21 1973

COPIED 12/14/86

DEC 21 1973

10/4/73

(c) That permitting a variation will not be contrary to the objectives of this Plan.

No such variation shall be granted which changes a basic land use pursuant to this Plan or which permits other than a minor departure from the provisions of this Plan. In permitting any such variation the Agency shall impose such conditions as are necessary to protect the public health, safety, or welfare, and to assure compliance with the objectives of the Plan.

G. Standards for Development

The Agency is authorized to establish heights of buildings, land coverage, design criteria, traffic circulation, traffic access, and other development and design controls necessary for proper development of both private and public areas within the Project Area.

No new improvement shall be constructed and no existing improvement shall be substantially modified, altered, repaired, or rehabilitated except in accordance with architectural, landscape, and site plans submitted to and approved in writing by the Agency unless allowed pursuant to the procedures of the following subsection H. One of the objectives of this Plan is to create an attractive and pleasant environment in the Project Area. Therefore such plans shall give consideration to good design, open space, and other amenities to enhance the aesthetic quality of the Project Area. The Agency shall not approve any plans that do not comply with this Plan.

DEC 21 1973

ORIGINAL

DEC 21 1973

10/4/73

It is the intent of this Plan that all development in the Project Area comply with all applicable State and local laws, codes and ordinances in effect from time to time, and, in addition to any requirements of the Agency imposed pursuant to this Plan.

H. Building Permits

1. Review of Applications for Issuance of Permits

Upon the adoption of this Plan no permit shall be issued for the construction of any new building or any addition to an existing building in the Project Area until the application for such permit has been processed in the manner herein provided. Any permit that is issued hereunder must be for construction which conforms to the provisions of this Plan.

Upon receipt of an application for a building permit the Building Department of the City shall request the Executive Director of the Agency (or such other person or persons as may be designated by the Agency) to review the application to determine if the proposed improvements will conform to this Plan. Within 15 days thereafter said Executive Director shall file with the Building Department a written report setting forth his findings of fact, including, but not limited to, the following:

a. Whether the proposed improvements would be compatible with the standards and other requirements set forth in this Plan in terms of design proposed by the Agency; and

b. What modifications, if any, in the proposed improvements would be necessary in order to meet the

DEC 21 1973

DEC 21 1973

10/4/73

requirements of this Plan and the proposed design of the Agency; and

c. Whether the applicant has entered into an agreement with the Agency for the development of said improvements and submitted architectural landscape and site plans to the Agency.

After receipt of said report or after said 15 day period, whichever occurs first, the Building Department may issue the permit with conditions, if any, required by the Executive Director and approved by the Agency; or, it shall withhold the issuance of the permit, if the Executive Director has found that the proposed improvement does not meet the requirements of this Plan and the design requirements of the Agency. Within 7 days after allowing or withholding issuance of the permit, the Building Department shall notify the applicant and the Agency by certified mail of its decision.

2. Appeal by Applicant

The applicant or the Agency may appeal the decision of the Building Department, withholding, conditionally allowing or allowing the issuance of such permit, to the City Council. Within 10 days from the mailing of the notice of decision of the Building Department, the appellant shall file his notice of appeal in duplicate with the City Clerk, who shall immediately forward one of the duplicates to the Building Department. The notice of appeal shall set forth the grounds relied upon by appellant.

DEC 21 1973

DEC 21 1973

10/4/73

Within 10 days following the filing of the appeal, the City Council shall set the matter for hearing and shall give notice of the time and place for said hearing to the applicant and to the Agency.

The City Council may reverse or affirm wholly or partly, or may modify any decision or determination or may impose such conditions as the facts warrant, and its decision or determination shall be final. Any hearing may be continued from time to time.

VI. METHODS FOR FINANCING THE PROJECT

A. General Description of the Proposed Financing Methods

Upon adoption of this Plan by the City Council, the Agency is authorized to finance this Project with financial assistance from the City of Paramount, State of California, Los Angeles County, the Federal Government, any other public or private source, any also with Property Tax Increments, Interest Income, Agency notes and bonds, or any other available source.

The advances for survey and planning and the operating capital for administration of this Project will come through loans from the City. Such loans shall be on an annual basis or until adequate financing is available to repay the loans. The City may also supply additional assistance through City loans and grants for various public facilities.

As available, gas tax funds from the State of California and the County of Los Angeles may be used toward the cost of the street system. There will also be some revenue accruing to the Project from interest earned on investments of Agency funds.

The Agency is hereby authorized to obtain advances, borrow funds and create indebtedness and other obligations and exercise any and all powers conferred upon an Agency by the Redevelopment Law or any other laws in carrying out this Plan. The principal and interest on such advances, funds, indebtedness and other obligations may be paid from tax increments or any other funds available to the Agency.

DEC 21 1973

COPIED 12/11/73

DEC 21 1973

9/21/73

B. Tax Increments

All taxes levied upon taxable property within the Project Area each year by or for the benefit of the State of California, County of Los Angeles, City of Paramount, any district, or other public corporation (hereinafter sometimes called "taxing agencies") after the effective date of the ordinance approving this Plan, shall be divided as follows:

(1) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of the taxing agencies upon the total sum of the assessed value of the taxable property in the Redevelopment Project as shown upon the assessment roll used in connection with the taxation of such property by such taxing agency, last equalized prior to the effective date of such ordinance, shall be allocated to and when collected shall be paid into the funds of the respective taxing agencies as taxes by or for said taxing agencies on all other property are paid (for the purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory of the Redevelopment Project on the effective date of such ordinance but to which such territory has been annexed or otherwise included after such effective date, the assessment roll of the County of Los Angeles last equalized on the effective date of said ordinance shall be used in determining the assessed valuation of the taxable property in the Project on the effective date); and

DEC 21 1973

DEC 21 1973

10/4/73

(2) That portion of said levied taxes each year in excess of such amount shall be allocated to and when collected shall be paid into a special fund of the Agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the Agency to finance or refinance, in whole or in part, this Redevelopment Project. Unless and until the total assessed valuation of the taxable property in the Project exceeds the total assessed value of the taxable property in the Project as shown by the last equalized assessment roll referred to in paragraph (1) hereof, all of the taxes levied and collected upon the taxable property in the Project shall be paid into the funds of the respective taxing agencies. When said loans, advances, and indebtedness, if any, and interest thereon, have been paid, all moneys thereafter received from taxes upon the taxable property in the Project shall be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

The portion of taxes mentioned in subdivision (2) above may be irrevocably pledged by the Agency for the payment of the principal of and interest on the advance of moneys, or making loans, or the incurring of any indebtedness (whether funded, refunded, assumed, or otherwise) by the Agency to finance or refinance in whole or in part Redevelopment Project No. 1.

DEC 21 1973

0101111111111111

DEC 21 1973

9/21/73

The Agency is authorized to make such pledges as to specific advances, loans, indebtednesses and other obligations as appropriate in carrying out the Project.

C. Other Loans and Grants

Any other loans, grants, or financial assistance from the United States, or any other public or private source may be utilized if available.

DEC 21 1973

DEC 21 1973

VII. ACTIONS BY THE CITY

The City shall aid and cooperate with the Agency in carrying out this Plan and shall take all actions necessary to ensure the continued fulfillment of the purposes of this Plan and to prevent the recurrence or spread in the area of conditions causing blight. Action by the City shall include, but not be limited to, the following:

A. Initiation and completion of proceedings for opening, closing, vacating, widening, or changing the grades of streets, alleys, and other public rights-of-way and for other necessary modifications of the streets, the street layout, and other public rights-of-way in the Project Area. Such action by the City shall include proceedings for the abandonment and relocation of public utilities in the public rights-of-way as appropriate to carry out this Plan.

B. Initiation and completion of proceedings necessary for changes and improvements in publicly-owned or to be publicly-owned public utilities within or affecting the Project Area.

C. Initiation of proceedings for revision of zoning, where necessary within the Project Area, to permit the land uses and development authorized by this Plan.

D. Imposition wherever necessary (by conditional use permits or other means) of appropriate controls, within the limits of this Plan, upon parcels in the Project Area to ensure their proper development and use.

DEC 21 1973

DEC 21 1973

E. Provision for administrative enforcement of this Plan by the City after development. The City and the Agency shall develop and provide for enforcement of a program for continued maintenance by owners of all real property, both public and private, within the Project Area throughout the duration of this Plan.

F. Performance of the above, and of all other functions and services relating to public health, safety, and physical development normally rendered in accordance with a schedule which will permit the redevelopment of the Project Area to be commenced and carried to completion without unnecessary delays.

G. The undertaking and completing of any other proceedings necessary to carry out the Project.

DEC 21 1973

DEC 21 1973

VIII. ENFORCEMENT

After development, the administrative enforcement of this Plan or other documents implementing this Plan shall be performed by the City or the Agency.

The provisions of this Plan or other documents entered into pursuant to this Plan may also be enforced by court litigation instituted by either the Agency or the City. Such remedies may include, but are not limited to, specific performance, damages, re-entry, injunctions, or any other remedies appropriate to the purposes of this Plan. In addition, any recorded provisions which are expressly for the benefit of owners of property in the Project Area may be enforced by such owners.

DEC 21 1973

DEC 21 1973

9/21/73

IX. DURATION OF THIS PLAN

Except for the nondiscrimination and nonsegregation provisions, which shall run in perpetuity, the provisions of this Plan shall be effective and the provisions of other documents formulated pursuant to this Plan may be made effective for 45 years from the date of adoption of this Plan by the City Council.

DEC 21 1973

DEC 21 1973

9/21/73

X. PROCEDURE FOR AMENDMENT

This Plan may be amended by means of the procedure established in the Redevelopment Law (see California Health & Safety Code Sections 33450 to 33458), as the same now exists or as hereafter amended, or by any other procedure hereafter established by law.

DEC 21 1973

DEC 21 1973

10/4/73

XI. NEIGHBORHOOD IMPACT ELEMENT

A. Relocation

As discussed earlier, it is the general intent of the Agency not to acquire residential property. However, where necessary to fully implement the Plan, the Agency is authorized to acquire residential property in the Project Area by any lawful means. This is not presently contemplated to be of any substantial number. Further, no persons or families of low or moderate income will be displaced unless and until there is a suitable housing unit available at the time of displacement. There are areas in the Project Area itself as well as immediate surrounding areas in which decent, safe and sanitary dwellings would be available to any displaced families. Since the number of displaced families is not expected to be of a significant number, and adequate as well as accessible replacement housing is available, relocation is not expected to have any negative impact on the neighborhood.

B. Traffic Circulation and Environmental Quality

There will be a positive long range impact upon the residents of the Project Area both in terms of an improved circulation system as well as in the general environmental quality. The eventual implementation of public improvements such as new sidewalks, curbs and gutters; storm drains to help eliminate the ponding in the neighborhoods, sewers, undergrounding of utilities, street trees, landscaping, etc., will all help to correct blight and deterioration in the Project Area. The widening of selected streets such as Compton Boulevard, and portions of Garfield Avenue, will enhance the flow of traffic in these portions of the project. The safety of the

DEC 21 1973

DEC 21 1973

10/4/73

residents will be enhanced with the installation of street lights on many of the streets in the Project Area. Generally, all of the actions undertaken by the Agency in the Project Area are intended to attract new and higher quality developments. Although these new developments will be non-residential, the public improvements which will accompany such developments will have a positive environmental impact on the neighborhoods in the area.

C. Community Facilities - Effect on Schools

The availability of community facilities and services should be enhanced as the Agency is authorized to permit the establishment or enlargement of public, semi-public, or institutional uses, such as park and recreational facilities, libraries, hospitals, fraternal, educational and other similar associations or organizations. Many neighborhoods in the Project Area now lack some or all of these types of uses and thus their implementation will have a positive impact. The school district property may remain in their present location and may expand as necessary. The Redevelopment Plan does not contemplate any residential re-use in the Project Area, unless such use is authorized by the zoning ordinance of the City of Paramount and is compatible with surrounding land use under this Plan. It is doubtful that there would be any significant shift in population caused by the project and thus no substantial effect on school population.

1010 1313 1456

DEC 21 1973

12/4/73

PARAMOUNT REDEVELOPMENT AGENCY
RULES GOVERNING PARTICIPATION BY
OWNERS AND BUSINESS TENANTS

IN

REDEVELOPMENT PROJECT NO. 1

Section 1. GENERAL.

These rules are promulgated to implement the provisions of the Redevelopment Plan for Redevelopment Project No. 1 regarding participation by owners and business tenants in the redevelopment in conformity with the Redevelopment Plan. These Rules set forth the procedures governing such activities.

The Agency desires and urges participation in the growth and development of the Project Area by as many owners and business tenants as possible.

Successors in interest of original participant owners or business tenants may become participants at any stage with the written approval of the Agency.

The word "owner" used herein shall, unless the content otherwise requires, include business tenants.

Section 2. PARTICIPATION BY OWNERS.

A. Participation in an existing location.

In appropriate circumstances an owner may participate in substantially the same location either by retaining all or portions of his property, or by retaining all or portions

DEC 21 1973

DEC 21 1973

9/4/73

of his property and purchasing adjacent property from the Agency or from existing owners. An owner who participates in the same location may be required to demolish all or part of his existing structures. In some instances, the Agency may purchase and demolish such structures.

B. Participation in different location.

In appropriate circumstances, the Agency will buy the land and improvements from existing owners, and offer parcels of land for purchase by participants prior to offering for sale to the general public.

Section 3.

OWNER PARTICIPATION AGREEMENT.

Each owner and business tenant desiring to participate will be required to enter into a Participation Agreement with the Agency. Each Participation Agreement will contain provisions necessary to insure that the Participation Proposal will be carried out, and that the subject property will be developed or used in accordance with the conditions, restrictions, rules and regulations of the Redevelopment Plan and the Participation Agreement. Each Participation Agreement will require the participant to join in the recordation of such documents as the Agency may require in order to insure such development and use.

Participation Agreements will be effective only if approved by the Agency.

Section 4.

PARTICIPATION PROCEDURE

A. Each owner and business tenant interested in becoming a participant in Redevelopment Project No. 1 must

DEC 21 1973

010131314

DEC 21 1973

9/4/73

submit to the Agency a statement indicating such interest ("Statement of Interest") within One Hundred and Twenty (120) days after the adoption of an ordinance by the City Council of the City of Paramount approving the Redevelopment Plan for Redevelopment Project No. 1. The agency may disregard Statements of Interest submitted after said One Hundred and Twenty (120) days. The Agency will notify each owner or business tenant submitting a Statement of Interest of the time within which he may submit to the Agency a proposal to participate in said Project ("Redevelopment Participation Proposal").

B. Each Redevelopment Participation Proposal shall include evidence of the proposer's financial ability to complete his participation in accordance with the Redevelopment Plan.

C. If the Agency approves the Redevelopment Participation Proposal and determines that the proposer has the ability to complete his participation in accordance with the Redevelopment Plan, the Agency may offer the owner or business tenant a Participation Agreement.

D. The following are the minimum requirements that must be met regarding the property involved:

(i) the property shall meet, or shall be brought up to meet, at the owner's or business tenant's expense, as the case may be, a structural condition equal to or better than that required for a new structure or improvement of equivalent size.

DEC 21 1973

10180727

DEC 21 1973

9/4/13

location, use and occupancy as required by the building and safety laws and regulations then applicable in the City of Paramount.

(ii) the improvements as existing or rehabilitated shall conform to the Redevelopment Plan.

(iii) the owner or business tenant shall demonstrate to the satisfaction of the Agency that he is financially capable of performing any and all modifications or rehabilitation or modernization on the existing property in order that it will conform to the Redevelopment Plan.

E. The participating owner or business tenant shall execute a Participation Agreement in which he shall agree to proceed with the redevelopment of the property involved in accordance with the Redevelopment Plan.

F. In the Participation Agreement, a participating owner or business tenant shall agree to remove, demolish, alter, improve or rehabilitate existing structures and improvements on the property involved and to thereafter use and maintain the same in such manner as shall be required by said Redevelopment Plan and the Declaration of Restrictions.

G. In the Participation Agreement, a participating owner or business tenant shall agree to remove or permit the Agency to remove any and all restrictions existing against the property involved which are contrary to those contained

DEC 21 1973

DEC 21 1973

in the Redevelopment Plan or the Declaration of Restrictions and to impose or permit the Agency to impose said Declaration of Restrictions on the property involved.

H. In the Participation Agreement, a participating owner or business tenant shall agree to insert into and make a part of any lease, rental agreement, occupancy permit, use or sales agreement pertaining to the property involved or any other document a provision that there shall be no restrictions imposed thereon because of race, sex, color, creed, religion, national origin, or ancestry.

I. In the Participation Agreement, if a participating owner or business tenant agrees to remove, demolish, alter, improve or rehabilitate existing structures and improvements on the property involved, he shall also agree to do such within specified time limits established by the Agency. If the participating owner or business tenant agrees to construct new structure and/or improvements on the property involved or to remove, demolish, alter, improve or rehabilitate existing property, he shall agree to do so only after plans, specifications and artist's renderings of the building have been presented to and approved by the Agency. He shall also agree to perform such construction, after said approval, within specified time limits established by the Agency.

J. All owners and business tenants, who may be offered Participation Agreements by the Agency, shall enter into such Participation Agreements within the time limits specified by the Agency.

K. All property owners and business tenants in the Project Area, shall have access to copies of said Redevelopment Plan and to such other data, information and records on file in the Agency's office as may be allowed by the Agency at reasonable office hours and, at the decision of the Agency, at any reasonable appointed times. Such property owners and business tenants may meet with the Agency members at any regular or special meeting of the Agency to discuss the Redevelopment Plan as it affects their property, providing such owners and business tenants shall make a request so to meet with the Agency members at least five (5) working days prior to the time set for such meeting.

L. Each Participation Agreement may contain a section designating the purchase price of the parcel of property involved for which owners of property shall agree to sell such parcel in the event the Agency is required to declare a default or a breach of any or all of the terms and conditions of the Participation Agreement; so that, in accordance with the Redevelopment Plan, the property involved in the Participation Agreement may be acquired by the Agency for redevelopment in accordance with the Redevelopment Plan, and, upon such acquisition, the owner or business tenant shall have no further rights to participate by Participation Agreement in the Redevelopment Plan.

Section 5. AMENDMENT TO THESE RULES.

The Agency may amend these Rules at any meeting held after their adoption after notice to owners and business tenants who have submitted Statements of Interest. Such notice may be delivered personally or by mail to the last known address shown in the records of the Agency. Notices shall be delivered personally or posted by mail at least fourteen (14) days before the date of the meeting at which the proposed amendment will be considered.
